#### EXPERIENCE

- **Assistant Professor** at University of Valladolid, September 2023-currently.
- **K-RASKO Research SL**, February 2021- April 2022. Project Leader. Multidisciplinary tasks in the first steps of a drug discovery company. Acquisition of scientific equipment for a new laboratory, purchase managements, recruitment processes, team leadership, generation of synthetic routes for the preparation of new drug candidates.
- **The Janssen Pharmaceutical Companies of Johnson & Johnson-UCLM**, May 2019-January 2021. Postdoctoral Researcher. Development of new continuous flow methodologies for medicinal chemistry purposes.
- **University of Gakushuin** (Japan), January-March 2019: Postdoctoral Researcher in Akiyama's group. New catalytic methodologies based on chiral phosphoric acids.
- **University of Oviedo** (Asturias), 2014-2018: PhD Student under the supervision of Prof. Luis A. López and Prof. A. Ballesteros. New coinage metal catalyzed transformations via carbene intermediates: C-H bond functionalization and carbocyclization reactions.
- **University of Cambridge** (England), September-December 2017. Visiting PhD Student under the supervision of Prof. Steven V. Ley. Synthesis of Segetalin A under continuous flow.
- **SERIDA** (Asturias), April 2013: Undergraduate Practicum. Identification of meat biomarkers related with the pre- and post-sacrificial animal stress.

#### EDUCATION

- **PhD in Chemistry**. Synthesis and Chemical Reactivity, University of Oviedo, December 2018.
- **Master in Chemistry and Sustainable Development**. University of Oviedo, June 2014.
- **Bachelor Degree in Chemistry**. University of Oviedo, June 2014.

#### AWARDS AND GRANTS

- **Erasmus+ K0107** (2022).
- **Finalist** in Suschem-JIQ Awards Innova category (2022).
- **Extraordinary PhD Award**, University of Oviedo (2020).
- **San Alberto Magno Award**. Official Chemistry College from Asturias and León (2019).
- **Seal of Excellence** from European Comision in Marie Skłodowska-Curie actions (2019).
- **Finalist** in Suschem-JIQ Awards PreDoc category (2018).
- **Research Lilly Award** for PhD Students in Chemistry (2017).
- **Excellence Mobility Grant** for Professors and Researchers of the University of Oviedo (Santander Bank, 2017).
- Severo Ochoa Program **Predoctoral Grant**, 2014-2018.
- **MsC Grant**, for university fees for Master Students (Principality of Asturias, 2013).

## SELECTED COURSES

- **MBA Business Administration**, UNIDEMA 2022.
- **Medicinal Chemistry**: The Molecular Basis of Drug Discovery, edX 2020.
- Position Yourself for Success - **DDI Training**, J&J 2020.
- Information **Security & Privacy** Training Course, J&J 2019.
- Records and **Information Management** Training, J&J 2019.
- **Occupational risk prevention** in R&D, 2019 (50 hours).
- **Cryptocurrency: Advanced Program**, 2018 (6 months).

#### COMMUNICATIONS TO SCIENTIFIC MEETINGS AND ATTENDANCE AT CONGRESSES

- Flash Communication in **International Symposium of Synthesis and Catalysis**, 2023, University of Evora.
- **Research Seminar** in Vietnam Academy of Science and Technology, 2023.
- **Research Seminar** in Vietnam National University, 2023.
- **Flash and poster communication** in XXVII Reunión Bienal RSEQ (Royal Spanish Society of Chemistry), 2018, Santiago de Compostela.
- Research Presentation in **Eli Lilly**, 2017, Alcobendas.
- Invited oral Communication in **Lilly Awards Sesion**, XXXVI Reunión Bienal (RSEQ), 2017, Sitges.
- Spanish-Japanese Symposium on **Modern Synthetic Methodology**, 2017, Gijón.
- **Barluenga Lectureship** 2016, Oviedo.
- Flash Communication in SISOC XI. **11th Spanish-Italian Symposium on Organic Chemistry**, 2016, University of Basque Country.
- **Drugs are molecules**: Design, structure and function, 2015, Menéndez Pelayo International University, Santander.
- Poster Communication in **XXXV Reunión Bienal (RSEQ)**, 2015, Universidad de A Coruña.
- Third Symposium on **Selective Synthesis Mediated by Organometallic Compounds** (Honouring Professor José Barluenga), 2014, Universidad de Oviedo.
- **Biotechnology and health**: from the science and technology to the economic impact, 2014, Menéndez Pelayo International University, Santander.

#### OTHER INFORMATION

- Expertise in Office (Word, Excel, PowerPoint), Internet, Windows, ChemDraw, MestreNova, TopSpin, ACD, OpenLynx, WinGX, 3DX, SciFinder, Reaxys, etc.
- Drug discovery, flow chemistry and electrochemistry in flow, catalysis, single-crystal X-ray diffraction, LC-MS, GC-MS, chromatography, HPLC, NMR, glovebox, article and book chapter generation.
- Spanish: Native. English: Speaking and writing skills.
- Driving license and own car.
