

Silvia Andrea Camperi - Assistant Professor at Chair of Biotechnology, Faculty of Pharmacy and Biochemistry, University of Buenos Aires, and Nanobiotechnology Institute UBA-CONICET. Argentina.

Principal Researcher at the National Scientific and Technical Research Council. Argentina

Email: scamperi@ffyb.uba.ar

Silvia Andrea Camperi, Ph.D.

She is currently working as Assistant Professor at the Chair of Biotechnology, Faculty of Pharmacy and Biochemistry, University of Buenos Aires, and Nanobiotechnology Institute UBA-CONICET. Argentina. She is also Principal Researcher at the National Scientific and Technical Research Council. Argentina.

She has developed her Ph.D. at the University of Buenos Aires in the area of Biotechnology, specifically, in large-scale protein downstream processing. Afterwards, she has specialized in peptide synthesis and combinatorial peptide libraries in Prof. Fernando Albericio's laboratory at the Scientific Parc of the University of Barcelona.

Now she directs the peptide group in the Nanobiotechnology Institute which designs peptides for their use as ligands in affinity chromatography and immunoassays and as therapeutics and immunogens agents.
