Dear Colleagues,

First of all I would like to thank you for accepting to be part of the **Advisory Board of our PhD programme in Chemical Sciences for the period 2024-2027**.

The aim of the Advisory Board is to give their opinion on the strategic plan of our PhD letting emerge weaknesses and strengths in order to propose improvements for the following academic year.

We will soon exchange possible date for the first meeting we could organise.
Warmest regards

Prof. Anna Maria Papini
Coordinator of the PhD Programme in Chemical Sciences
of the University of Florence
